*Pensacola State College encourages outside entities to remember that a student's enrollment is not to be considered final until the end of the schedule adjustment period. Students are able to make changes to their schedules, including a complete drop of all classes, through the first week of the semester/session. A final letter of enrollment verification should be requested one week after the semester begins. The Academic Calendar, which includes the schedule adjustment ending dates, may be viewed on the College's web site at [www.pensacolastate.edu](http://www.pensacolastate.edu).*
